A summer treat for kids:
KWF Outdoor Adventure Camp

By Randy Kidd

This is the 27th year for the Kansas Wildlife Federation's Outdoor Adventure Camp for youngsters interested in the outdoors. We are proud to have been one of the very first outdoor mentoring programs in Kansas and one of the longest lasting. In 2011, OAC was recognized by Field and Stream magazine as one of the top 6 Hero's of Conservation in the nation! This outstanding record of quality outdoor education for our youth is proven by the continued popularity of this 6 day experience.

If you're a Kansas youngster who enjoys the outdoors, **NOW** is the time to make plans to attend the Outdoor Adventure Camp.

The camp will be held at Camp WaShunGa Area of Rock Springs 4-H Ranch and runs from Sunday, June 7, through Friday, June 12, 2014. The Outdoor Adventure Camp is sponsored by the Kansas Wildlife Federation and is open to all Kansas youngsters, male or female, who will be 10 to 12 years old this summer.

Rock Springs Ranch is the Kansas 4-H Conference Center. It is located 8 miles south of I-70 (Junction City) on U. S. Highway 77, then west and south on Kansas Highway 157.

How Your Days and Nights Will Be Spent at the Camp

Mornings will be spent traipsing the grounds at Camp WaShunGa with instructors, getting a hands-on feel for how the various critters and plants live together in the ecosystem we call Kansas. Afternoons are then spent learning about several general interest areas of the Kansas outdoors, including: mammals, insects, birds, fish and amphibians.

Is your fondest dream to touch and hold a live snake? Dreams can come true at the Outdoor Adventure Camp. If snakes aren't exactly your

thing, you will surely learn to identify the Red-tail hawk as he circles overhead, and you'll learn where to look for the underground trails of one of the hawk's prey—the prairie vole.

Since the prairie doesn't go to sleep at sundown, neither will you. Depending on the evening, you may be out and about prowling for owls or spotlighting spiders. Another evening may be spent watching the bats gobble bugs. And yet another evening time will find you sitting around a campfire, listening to tales of Kansas folklore.

There are also several special activities planned, including:

Canoeing You'll learn the basics of "driving" a canoe, including the draw, the pry and the J strokes.

Fishing Expert anglers will be our instructors. With a little luck you may even catch the "Big Un" of the day.

Shooting Sports Instruction will be given in five different areas: Rifle, shotgun, muzzle-loader, and archery.

Crafts Instruction in building bird houses and making a fish paint camp T-shirt.

Field Trip to Milford Fish Hatchery and Nature Center.

No summertime camp is complete without a daily swim. You can count on it at the Outdoor Adventure Camp. Every day you'll go for a dip in the swimming pool to wash off the prairie dust. Be sure to bring your swim suit.

A swimsuit, sleeping gear, and the clothes you'll wear for the week are about all you need to bring along. Food, instruction and lodging are all included in the price of the camp.
